

Principal's Message

– 25th January, 2021

Dear Parents, you are reminded and requested to pay the fees up to the month of April, 2021.

I would like to clarify on some rumours spread by a group of parents regarding May-June fees.

Remember the fees is the Academic fees and not monthly fees. It is in your school prospectus. For the ease and convenience of the parents, it is divided into 12 months. You are free to pay in one go or in two months or quarterly or bi-monthly or monthly; Then paying monthly, we collect double fees from November to February as of now.

The confusion arises from the fact, that the school starts in April and fee collection starts in July; instead of April, which will be rectified after the corona pandemic and school starts in the regular systematic way.

Thank you.
