

## **Notice Regarding Half Yearly Examination 2021**

Dear Parents,

It was our earnest desire to have our children write their offline exam and slowly, gradually come back to normal student life. Since some of the Parents are objecting to this and want to have online examination, we will have the online examination too. The date and time of the online examination will be same as offline Examination. The students who are serious in studies and coming to school, it is my request to you to take offline examination, which is going to do you all the good. We have challenges and tough times. We need to be resilient and tough to get ahead.

Regards

Principal
